

Nickel Plate AGM 2020/2021

Spirit North is back at programming similar to pre-covid years. Like it did for everyone this past winter provided some challenges, but also opportunities for us to get creative, and we did!

We are now grooming the Carmi ski trails! This is not at all a replacement for skiing at Nickel Plate (although it was for a bit last season), It is in addition to: it provides us with a spot for afterschool ski programming, as well as the odd half day ski, which in the end increases the number of times the students get out on skis! Win-Win.

We want everyone to enjoy the rustic- classic only ski trails what we have been maintaining, so tell your friends, and go try out the ski trails just 15 mins from home. If you are enjoying it and want to help it continue in years to come please consider making a donation to Spirit North through our website to help us cover our grooming costs.

We have also started a bike program that has been wildly successful since its inception not so long ago. We are still in need of bikes, especially small and med adult ones if you have any collecting dust I'd love to hear from you!

Thanks to everyone at Nickel Plate for the Support of Spirit North, the program has grown in leaps and bounds since we started four years ago, and that is due in big part to the support of Nickel Plate, and it's members.

Limlemt (Thank You!)
